

## ● MISSION:

Recognizing that to be human as the agent, center and purpose of life, we give ourselves the following mission:

“Promoting human development, improving social, environmental, economic and political conditions of vulnerable populations in the intervention territories. Reinforcing and supporting women and men's capacities for the effective exercise of their rights and gender equality”.

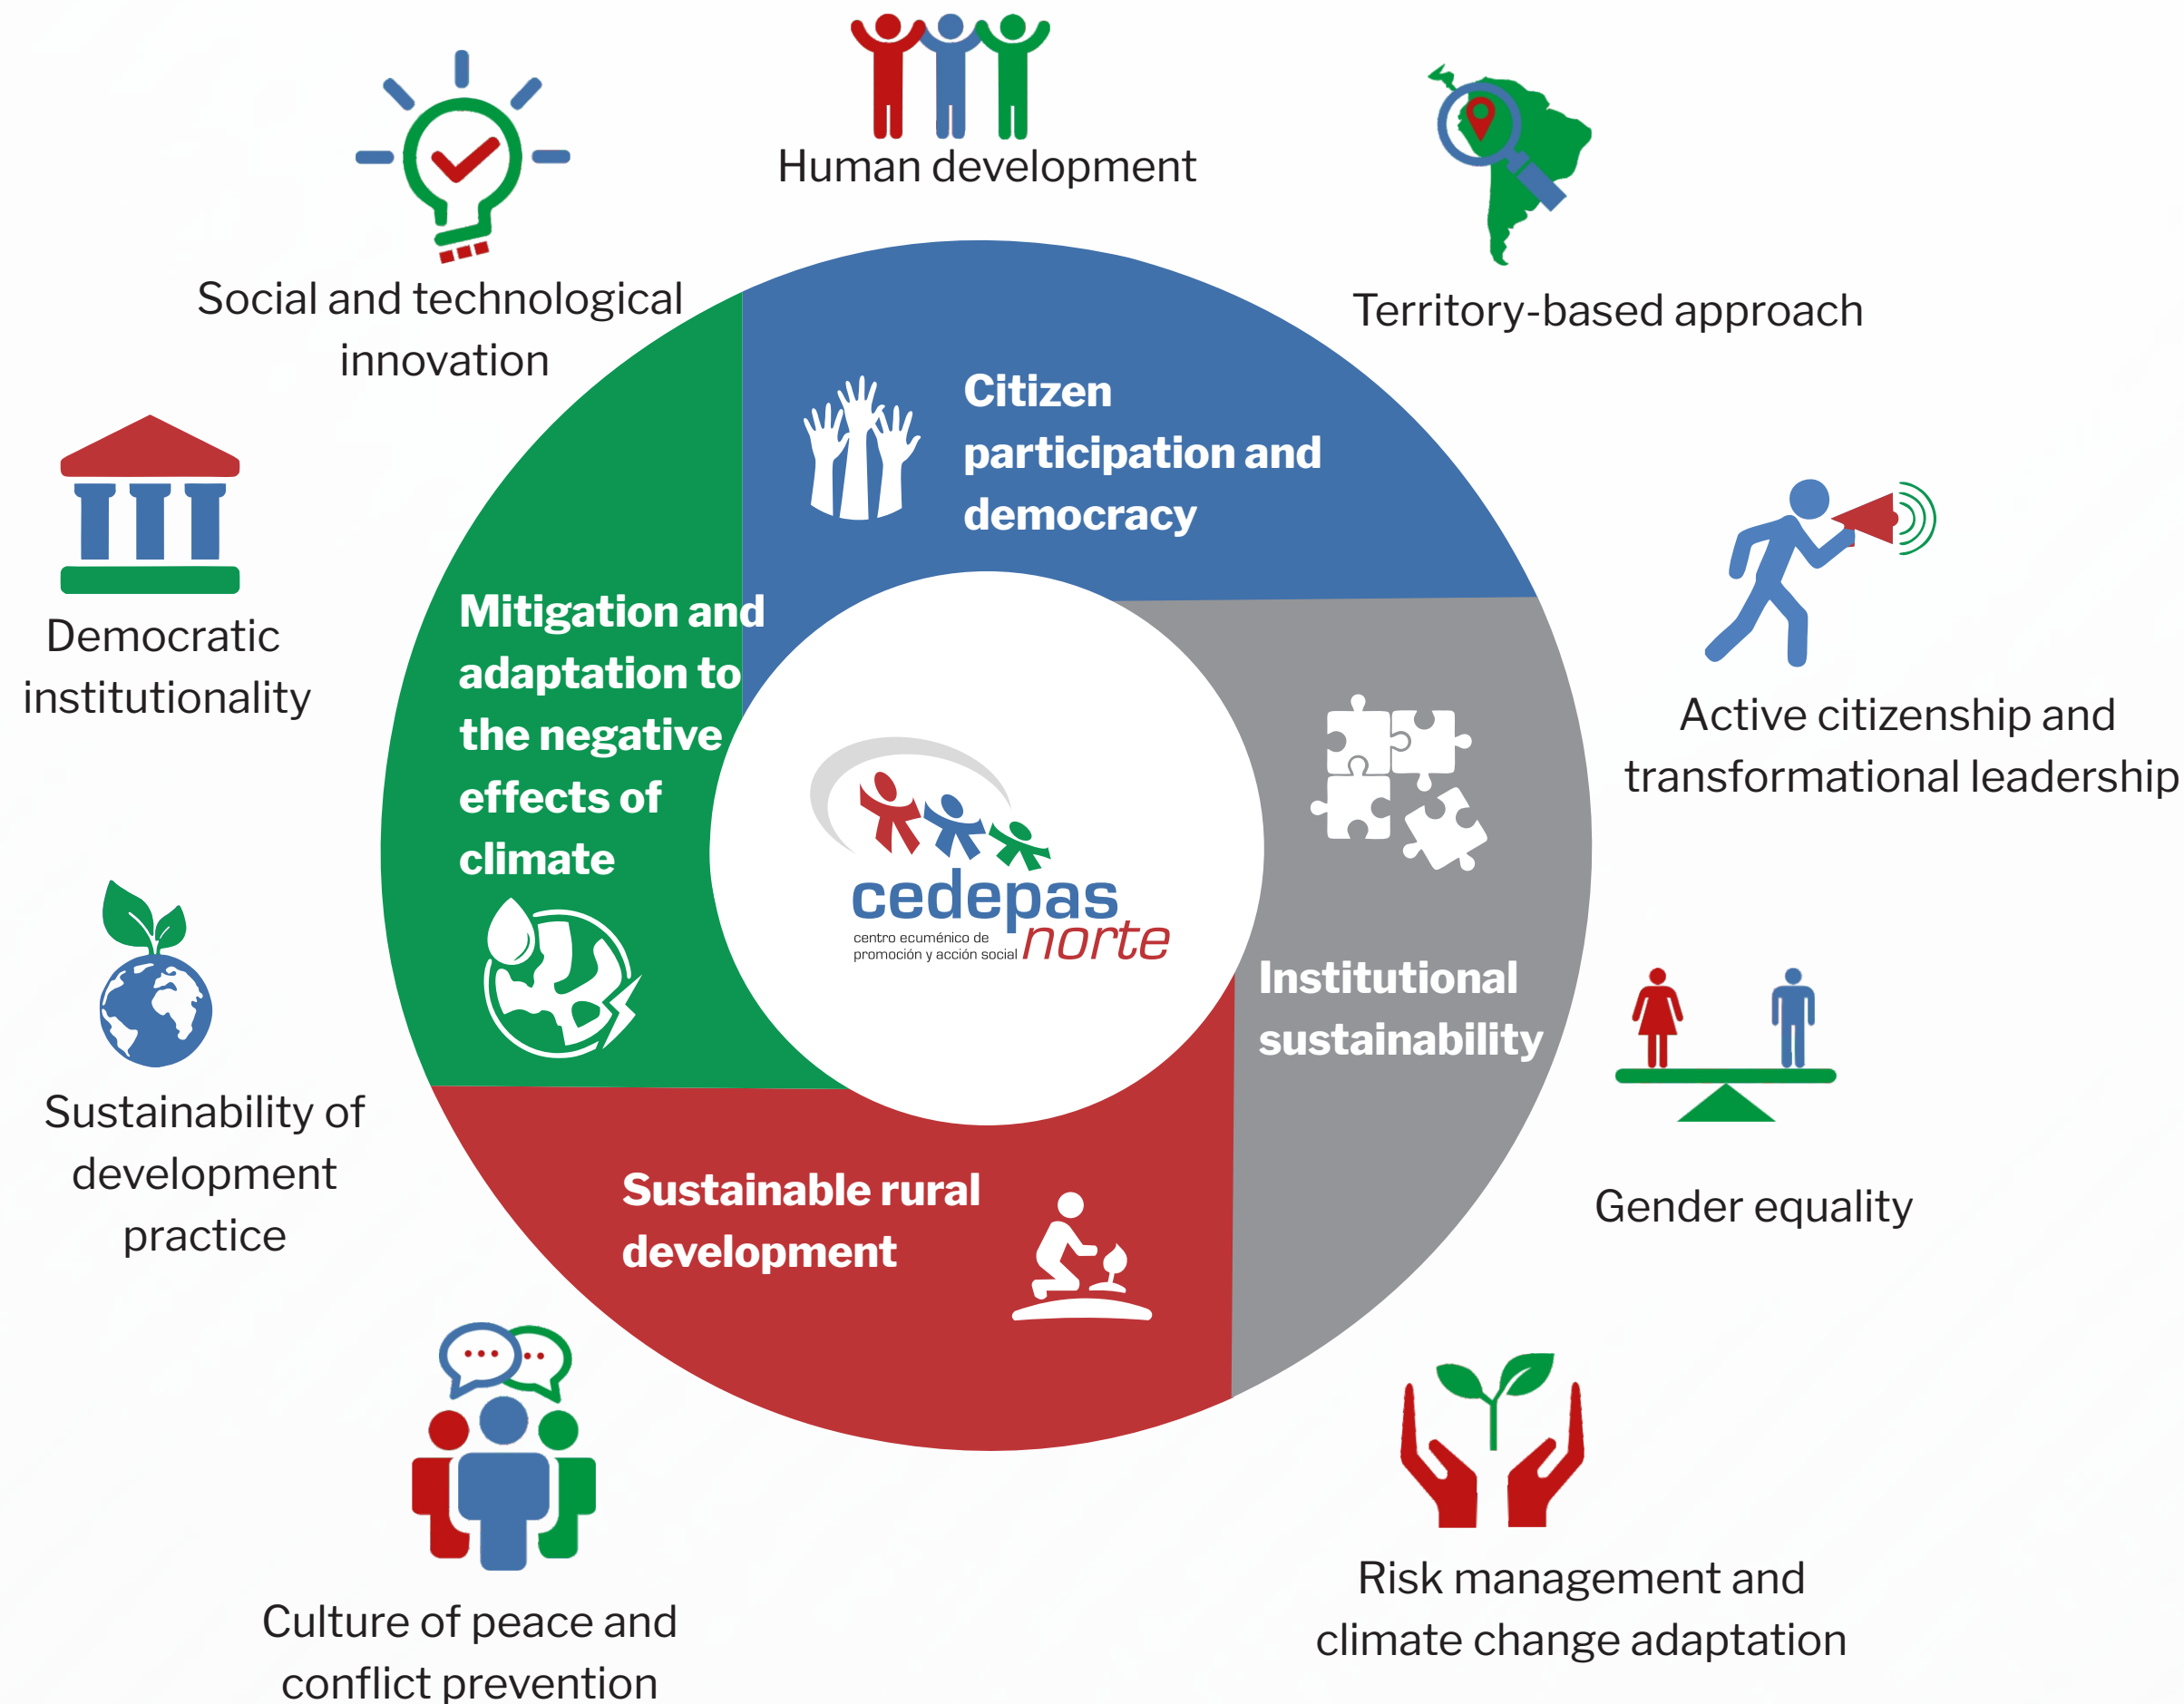

## ● VISION

“CEDEPAS Norte is recognized by society for the high quality of its services and the professional level of its members. It is a strategic agent at regional and national level, it has the capacity to establish synergies between public and private sectors and civil society; increasing effectiveness in local changes process and creation of social value”.

● OUR APPROACHES AND WORK PROGRAMS

● CONTRIBUTING TO REDUCE THE SOCIAL AND ECONOMIC DIVIDE:

+ **180 women leaders** organized themselves as community advocates. They provide local support, take part in environmental decision-making and positively impact on the prevention of gender violence.

**119 women**, including local and regional government authorities, female civil servants, young university students and women community leaders, strengthened their leadership skills in water resources and natural infrastructure management.

**1,000 women and 2,915 men** agricultural producers increase their income.
